In the Preface: CCWI 2013 by B. Brunone et al. (2014), a mistake has been corrected. Please see the corrected text in the paragraph below.

Next editions of CCWI and Water Distribution Systems Analysis (WDSA) Conferences have been already planned by the relevant Committees (probably the most organized non-formal groups!): WDSA2015 in Austin (TX), CCWI2015 in Leicester (UK), WDSA2016 in Cartagena de Indias (CO), CCWI2016 in Amsterdam (NL), CCWI2017 in Sheffield (UK), and WDSA2018 and CCWI2018 as a joint conference. The CCWI Standing Committee involves Dragan Savic and Zoran Kapelan (University of Exeter), Joby Boxall (University of Sheffield), and Bogumil Ulanicki (De Montfort University). The WDSA Standing Committee within EWRI (Environmental and Water Research Institute) is chaired by Dominic Boccelli (University of Cincinnati), with Morris Maslia (Agency for Toxic Substances and Disease Registry, Atlanta, Georgia) as Vice Chair, J. E. (Kobus) van Zyl (University of Cape Town, South Africa) as Secretary, and Avi Ostfeld (Technion, Haifa, Israel), as Past Chair.
