Received and published: 2 March 2009

I have read the two sets of reviewer comments and recommend that the authors revise their manuscript based on the reviewers comments. Final conclusion is major revisions.

The authors have already prepared a comment-response summary and based on this summary I encourage them to modify and resubmit their paper.

After resubmitting I will contact the reviewers to discuss to modifications of the manuscript with them.

After these discussion I, as assigned editor, will make the final decision.
