

***Interactive comment on “Importance of demand modelling in network water quality models: a review” by E. J. M. Blokker et al.***

**E. J. M. Blokker et al.**

Received and published: 19 June 2008

We would like to thank the referee for providing some comments.

In the discussion section we will add some thoughts on how to proceed in choosing the right model for its purpose, i.e. which time scale and spatial scale are relevant for the different purposes of modelling.
