Received and published: 16 April 2013

- In general the paper needs to be revised with respect to the tenses (now frequently the present is used when simple past is needed: present when it is a general statement, simple past when it relates to the executed work). - The abstract needs to be revised accordingly. ***Authors: The authors take the comment into account and will revise the text accordingly

- Pg 335, line 2: delete "in all its greatness" (subjective, not a scientific expression)
***Authors: The authors take the comment into account and will revise the text accordingly

- Pg 335, line 2: is 41% in terms of area or in terms of water flow? ***Authors: The
